RESOLUTION NO. ____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF WOODLAND IN DEFENSE OF 2ND AMENDMENT RIGHTS

WHEREAS, the Second Amendment of the United States Constitution provides that “A well regulated militia, being necessary to the security of a free state, the right of the people to keep and bear arms, shall not be infringed,” and

WHEREAS, the right to bear arms and self defense is recognized in State Constitutions; and

WHEREAS, the natural and inalienable right to self defense is well established in the writings of many philosophers and authors since ancient times of Greece and Rome; and

WHEREAS, for centuries tyrants have recognized that a disarmed population is readily dominated; and

WHEREAS, the Second Amendment protects the rights of self-defense, defense of others and defense of the nation, and assumes the rights to hunting and sport shooting; and

WHEREAS, it is estimated that more than 70 million people, representing more than half of the households in America, have chosen to lawfully exercise the right to bear arms and defend themselves and their families; and

WHEREAS, many gun control laws implicitly assume the guilt of lawful and responsible firearm owners with little effect on the ability of criminals to obtain firearms and use them unlawfully; and

WHEREAS, the vast majority of all lawfully owned firearms in America are not used in a crime; and

WHEREAS, statistically, lawful gun owners are less likely to break the law than average members of the public; and

WHEREAS, in 2008 the United States Supreme Court in *District of Columbia v. Heller* ruled that the Second Amendment protects an *individual's – rather than a collective –* right to keep and bear arms, and in 2010 in *McDonald v. City of Chicago* the Supreme Court further opined that the right of an individual to keep and bear arms protected by the Second Amendment is incorporated by the Due Process Clause of the Fourteenth Amendment and applies to the States; and

WHEREAS, studies by the National Academies of Science and the Centers for Disease Control have found no persuasive evidence that “gun control” laws actually reduce crime; and

WHEREAS, today, Americans are safer from violent crime than they have been at any time since the mid-1960s.

NOW, THEREFORE, BE IT RESOLVED that the City of Woodland, State of Washington, WILL uphold the Second Amendment of the Constitution of the United States, and WILL act in conformity with our sworn duties as duly elected officials charged with the public trust, and WILL in conjunction with prior decisions by the United States Supreme Court, NOT enforce any statutes, edicts, Presidential Directives, or other regulations and proclamations which conflict – and are expressly preempted by – the U.S. Supreme Court’s rulings.

The City Council of the City of Woodland strongly urges the United States Senate to reject international treaties that will infringe on the Second Amendment rights of American citizens; including United Nations (UN) Arms Trade Treaty, Inter-American Convention Against Illicit Manufacturing of and Trafficking in Firearms (CIFTA), or the UN Programme of Action. And that neither the United States Congress nor the Washington State Legislature should entertain consideration of any new legislation that would infringe on constitutionally protected rights under the Second Amendment through any means, including additional restrictions on lawful firearms and accessories; or on the possession, use, sale or transfer of legitimately owned firearms.

AND BE IT FURTHER RESOLVED that the City Council of the City of Woodland calls upon the United States Congress and the Washington State Legislature to recognize the multitude of existing laws related to the manufacture, sale and possession of firearms, and acknowledge that in order to combat gun violence, the Country must enforce existing laws and more effectively punish and deter those who commit these crimes.

ADOPTED in an open public meeting this 4th day of March 2013.

CITY OF WOODLAND
