Agenda Item Supporting Narrative (list attachments, supporting documents):

- 1) Our parks are looking pretty bad, and we have over 2000 people coming into the city a month. I have heard from many visitors, that they are amazed on how the parks are so "DEAD".
- 2) I propose that we authorize PW to water the Horseshoe lake park immediately and use the cost of water from the reserves. There should be no extra cost for mowing since we have 2 people as always maintaining the parks.

Summary Statement:

Is this the proper way of showing our donators their appreciation for trying to make Woodland look inviting ?
