Dear Mayor Grover Laseke and Woodland City Council,

Downtown Woodland Revitalization (DWR) would like to thank the Council and City of Woodland for their commitment to the revitalization efforts in downtown Woodland. It is our goal to maintain a well-managed volunteer driven organization to develop and promote downtown Woodland.

Without your support, DWR could not have realized the success and accomplishment during the past few years. The downtown Woodland Revitalization committee has demonstrated their commitment to revitalization efforts and business owners and citizens have come together to move projects forward and maintain the velocity. The combination of property owners, City, Port of Woodland, officials, citizens, and business owners has had a proven force that has caused the motion this group together makes progress unlike any other group in the past 26 years has attempted or accomplished. It is their unselfish commitment to the community, their personalities, their professional qualities, and their vision that has made the revitalization effort move this community to another dimension. The mixture of participants has provided energy to accomplish great task.

We are requesting \$4000.00 from the City of Woodland for the operating year of 2014. Although DWR will be concentrating on fewer programs for the time being due to limited manpower, we will continue to work with the City of Woodland and the Port of Woodland on community events and the historical building project. We appreciate your support.

Tom Golik  
President

## Downtown Woodland Revitalization Goals & Accomplishments

The following goals and objectives have been defined for 2014:

- Continue participating in community events and promote the Downtown Woodland
- Continue working with the City of Woodland and Port of Woodland on community programs
- Work closely with the city and COG and economic district on Tourism in the 21st century
- Work on the Historical District program and get a marker designed for the qualified buildings
