From: Bart Stepp, PE, Public Works Director
To: 2013 HMA Overlay – East Scott Avenue Bidder's List
Subject: Addendum #1 for the 2013 HMA Overlay – East Scott Avenue

The following changes are made to the plans and specifications:

Item 1: Attached with this addendum is the current planholder list for the project.

Item 2: The City has marked out the paving limits and ramp locations of the project with white marking paint for contractor's information.

Item 3: The north ramp at the intersection of Old Pacific Highway and E. Scott needs to be moved in addition to being replaced. This reduces the quantity of Bid Item Number 9 from 4 to 3 and increases the quantity of Bid Item Number 10 from 2 to 3. Attached with this addendum is an updated bid proposal form reflecting the change in quantities.

Item 4: The City owns the property at 300 E. Scott Avenue. The contractor will be allowed to use that space for staging of materials and equipment. There is a large gravel area on the west half of that lot where some of the asphalt grindings could be placed. If the contractor chooses to do that they must receive a grading permit through the City of Woodland Building Department. Application forms are available on the city website, www.ci.woodland.wa.us. A contractor choosing this option must include permitting costs and the costs for spreading and grading the grindings over the lot in Bid Item #8, Planing Bituminous Pavement.

The east half of this lot is currently under construction for a new police station. Grindings will not be allowed to be placed on that site.

Item 5: The Contractor must provide documentation that the asphalt grindings will be placed in suitable locations that meet all land use requirements.

If you have any questions please call Bart Stepp at Woodland Public Works at (360) 225 -7999.

Sincerely,

Bart Stepp, PE
