Dear Woodland Resident and/or Property Owner,

RE: City of Woodland Park and Buckeye Paving Project

This summer the City of Woodland will be completing a paving and sidewalk ramp improvement project along Park Street and Buckeye Street. The extent of the project is along Buckeye from just west of Goerig to Park and along Park from Buckeye to just north of Bozarth.

The paving improvements will consist of grinding 3" of the existing pavement surface and replacing it with 3" of new asphalt. Sidewalk ramps along this area that do not meet current accessibility requirements will be upgraded.

This project is being funded by a \$260,000 grant from the Transportation Improvement Board (TIB) with matching funds from the City.

When the Contractor is completing sidewalk ramp improvements Park and Buckeye will open but the ramps under construction will be closed. The Contractor will work on ramps on one side of the street at a time so pedestrians will be able to cross the street and use the sidewalk on the other side.

The grinding and paving portion of the project is expected to take 4-5 days. Park and/or Buckeye will be closed to traffic at times while construction is occurring. In the evenings when work is done Park and Buckeye will be open to traffic. On-street parking along Buckeye and Park during this construction phase will not be allowed. Residents will need to park in driveways or on side streets. The Contractor will notify residents a few days ahead of time when this work will occur.

The project will be done prior to the start of school in the fall.

If you have any questions please call me at (360) 225-7999 or e-mail me at steppb@ci.woodland.wa.us.

Sincerely,

Bart Stepp, PE
City of Woodland
Public Works Director
