NOTICE OF APPLICATION

SEPA LIKELY DETERMINATION OF NON-SIGNIFICANCE (DNS)

ISSUE DATE: December 11, 2015

Lead Agency: City of Woodland, WA

Project Title: City of Woodland Biosolids Permit Application

Land Use Application No.: 215-936.SEPA

Applicant/Property Owner:	Bart Stepp, P.E. Public Works Director City of Woodland PO Box 9 Woodland, WA 98674
Site Location:	Peterson Farm 2530 Dike Road Woodland, WA 98674 Fields 32, 33, and 34B Parcel No.: 60513
Parcel Size:	11.12 acres
Date Application Received:	December 3, 2015
Notice of Application	December 11, 2015
Publish:	December 16, 2015
Comment Due Date:	December 30, 2015

DESCRIPTION OF PROPOSAL

The City of Woodland owns and operates a municipal wastewater collection and treatment system, and manages a biosolids land application program. In 2005, the City of Woodland began utilizing approximately 85 acres of the Peterson Farm for land application of Class B solids. Liquid biosolids, typically with a solids concentration of 1.0 – 2.0% solids, are hauled from the Woodland Wastewater Treatment Plant to the Peterson Farm by Tribeca Transport approximately every 4 to 8 weeks. The biosolids are discharged from the tank trucks into an existing 1.5 million gallon storage pond within the land application area or directly applied to the fields from the trucks. The biosolids are then spray applied between April and September to the farm's tall fescue grass crop which is grown for grass seed. The City's biosolids permit application summarizes the liquids and solids processes utilized at WWTP, how biosolids are managed to meet federal and state requirements, and how the biosolids land application program is operated.

You are invited to comment on this project proposal.

LOCATION OF PROPOSED DEVELOPMENT

2530 Dike Road, Woodland, Washington; parcel 60513. The site is located in Township 5 North, Range 1 West, Sections 22 and 23, Willamette Meridian.

ENVIRONMENTAL REVIEW:

The City of Woodland has determined that this proposal will not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) or mitigation was not required under RCW 43.21C.030. This decision was made after review of a completed environmental checklist and other information on file with the lead agency.

This DNS is issued under WAC 197-11-340(2). Written comments concerning the SEPA determination must be submitted by **5 p.m. on December 30, 2015** to:

EXISTING ENVIRONMENTAL DOCUMENTS

1. SEPA checklist (December 3, 2015)
2. City of Woodland 2015 Application for Coverage Under the General Permit for Biosolids Management (DOE application – December 3, 2015)

Application materials including the document listed above can be reviewed at the Woodland City Hall Annex, 230 Davidson Ave., Woodland, WA 98674 or can otherwise be obtained by contacting the SEPA responsible official.

REVIEW AUTHORITY

Per WMC 19.08.030, SEPA Threshold Determinations shall be made by the City Public Works Department Staff. After the close of the comment period on the NOA, the City will review any comments on the environmental impacts of the project and decide whether to proceed with issuing a DNS. The City is required to circulate the DNS, if issued, to the Department of Ecology, agencies with jurisdiction, anyone who commented on this NOA, and anyone requesting a copy.
