**This rate is applicable for these employees during their regular work shift. Overtime at 1 ½ times this rate will be applicable for any time worked by these employees outside of their regular work hours, regardless of the duration of the compensable hours.

Apparatus Rates

The rates quoted are wet rates, exclusive of crew or operating personnel. Expendable supplies are additional to these amounts. Fuel Cost Adjustment (FCA) will be calculated using published weekly fuel prices (www.tonto.eia.doe.gov). The average price will be used to locate the reimbursement rate for each piece of apparatus.
