

# **WOODLAND WATER SYSTEM PLAN**

**NOVEMBER, 2012**

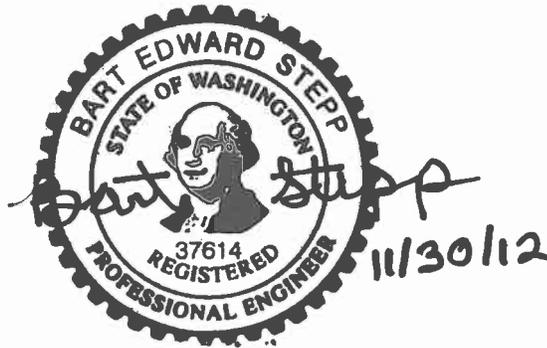

**WSDOH ID#98200 2**

# CERTIFICATE OF ENGINEER

## CITY OF WOODLAND WATER SYSTEM PLAN

NOVEMBER 2012

The technical material and data contained in this report were prepared under the supervision and direction of Bart Stepp, PE, whose professional engineer seal is affixed below.

### The Woodland Water System Plan Team

Bart Stepp, Public Works Director

Robert Choate, Water Treatment Plant Superintendent

Mike Peterson, Utility Service Worker (Distribution System Leadman)

Jody Bartkowski, Engineering Technician

Tonya Ingle, Engineering Aide

Bart Stepp would like to thank the other members of the Water System Plan Team on helping to complete the Water System Plan. It could not have been done without you.

The City of Woodland would also like to thank Gibbs & Olson, Inc. for providing electronic versions of the 2006 Water System Plan and hydraulic model which were used as a starting point for the 2012 Water System Plan and Ranney Collector Wells, a Division of Layne, for providing information about the Ranney Well Source Project.

# TABLE OF CONTENTS

Page No.

---

## **SECTION I – DESCRIPTION OF WATER SYSTEM**

Introduction .....	I-1
Ownership and Management .....	I-1
System Background .....	I-2
Previous Engineering and Planning Documents .....	I-2
Service Area Characteristics .....	I-4
Service Area Policies and Conditions of Service.....	I-6
Consistency with Clark and Cowlitz Planning Agencies .....	I-10
Consistency with Department of Ecology .....	I-10

## **SECTION II – BASIC PLANNING DATA**

Current Population .....	II-1
Current Water Production.....	II-2
Current Water Demand .....	II-2
Unaccounted for Water .....	II-3
Water Demand by Customer Class .....	II-3
Future Population .....	II-4
Future Water Demand.....	II-4

## **SECTION III – SYSTEM ANALYSIS**

Water Quality Criteria .....	III-1
Water Demand and Service Criteria.....	III-1
Disinfection Contact Time .....	III-3
Fire Flow Criteria .....	III-3
Water Quality Analysis .....	III-5
System Description and Analysis .....	III-6
Overall Capacity .....	III-17
Summary of System Deficiencies.....	III-18

## **SECTION IV – CONSERVATION AND SOURCE OF SUPPLY ANALYSIS**

Water Conservation Program.....	IV-1
Required Conservation Measures.....	IV-1
Recommended Conservation Measures .....	IV-2
Target Savings .....	IV-3
Demand Projections with Conservation.....	IV-3
Conservation Program Implementation and Cost.....	IV-3
Water Rights .....	IV-4
Water Supply Reliability Analysis .....	IV-5
Source Reliability .....	IV-5
Water Shortage Response Planning .....	IV-6

## TABLE OF CONTENTS (Continued)

Page No.

---

### SECTION V – SOURCE WATER PROTECTION

Watershed Description .....	V-1
Watershed Ownership and Use .....	V-2
Identification of Activities/Land Uses Detrimental to Water Quality .....	V-4
Watershed Management and Control Measures .....	V-6
Periodic Watershed Monitoring and Evaluation .....	V-7
System Operation.....	V-7

### SECTION VI – OPERATION PROGRAM

Department Organization, Roles and Certifications .....	VI-1
Record Keeping and Reporting .....	VI-1
Routine and Preventative Operation and Maintenance .....	VI-2
Service Order Request Response Procedures .....	VI-3
Supply Inventory .....	VI-3
Water Quality Monitoring.....	VI-3
Cross Connection Control .....	VI-3
Emergency Response Plan.....	VI-5
Operations Program Summary.....	VI-6

### SECTION VII – DESIGN & CONSTRUCTION STANDARDS

City of Woodland Water System Standards and Specifications .....	VII-2
--	-------

### SECTION VIII – CAPITAL IMPROVEMENT PROGRAM

Summary of Capital Improvements .....	VIII-1
Capital Improvement Program Schedule.....	VIII-3

### SECTION IX – FINANCIAL PROGRAM

Expenses .....	IX-1
Revenue.....	IX-1
Budget Projections .....	IX-3
Financial Viability .....	IX-5

### SECTION X – MISCELLANEOUS DOCUMENTS – *to be completed with Final Plan*

SEPA Documents .....	X-1
County Agency Approvals .....	X-
City Approval.....	X-
Open House Information .....	X-

## LIST OF TABLES

		Page No.
II-1	Current Water System Customers by Class.....	II-1
II-2	Annual Net Water Production.....	II-2
II-3	Average Annual Daily Water Use by Customer Class.....	II-2
II-4	Current ERUs by Customer Class.....	II-4
II-5	Future ERUs by Customer Class .....	II-6
II-6	Water Demand Estimates w/o Conservation and 2006 WSP Demands ...	II-6
II-7	Water Demand Estimates with and without Conservation Goals .....	II-7
III-1	Minimum Fire Flow per WAC 246-293-640 .....	III-4
III-2	Water Quality Monitoring Summary .....	III-6
III-3	Woodland Storage Requirements in gallons .....	III-12
III-4	Woodland Water System Pressure Pipe Inventory .....	III-13
III-5	Existing Water System Capacity Limitations .....	III-17
III-6	Proposed 20-Year Water System Capacity Limitations.....	III-18
III-7	Summary of Deficiencies.....	III-18
IV-1	Data Collection Requirements.....	IV-2
IV-2	Water Rights Summary for Ranney Well.....	IV-4
IV-3	Water Right Requirements .....	IV-5
VI-1	Record Keeping Requirements .....	VI-2
VIII-1	Project Scheduling Basis.....	VIII-4
VIII-2	Capital Improvement Program Schedule .....	VIII-5
IX-1	Current Water Rates .....	IX-2
IX-2	2013 Water Rates .....	IX-2
IX-3	6-Year Budget.....	IX-6

## LIST OF FIGURES

		Page No.
I-1	Vicinity Map.....	I-3
I-2	Service Area and Zoning Map.....	I-5
II-1	Historic Growth and Population Forecasts .....	II-5
III-1	Ranney Well Pumping Capacities vs. Future Maximum Day Demands ...	III-9
III-2	Water Source Transmission Line and Plant Decant Line Map .....	III-19
III-3	Water Distribution Map (overall map plus individual Sheets 1-6) .....	III-20-26
VIII-1	Capital Improvement Project Map .....	VIII-6

## APPENDICES

---

- Appendix A –** Water Facility Inventory Form  
Policy Data
- Appendix B –** Water Production Data and Analysis  
Water Use Data and Analysis
- Appendix C –** Water Quality History  
Recent Sanitary Survey Results  
Source and Storage Calculation Spreadsheets  
Hydraulic Model Results
- Appendix D –** Water Right Information  
Water Right Self Assessment (WRSA) Tables  
Watershed Data & Mapping  
2008 Lewis River 303D List Information
- Appendix E –** City Organization Chart  
Certified Employees  
WTP O&M Program  
Distribution System O&M Program  
Service Order Request Form/Request for Investigation  
WTP Supply Inventory  
Distribution System Supply Inventory  
Cross Connection Control Ordinance  
Emergency Response Plan  
Coliform Monitoring Plan
- Appendix F –** Water Quality Monitoring Schedule  
Consumer Confidence Report
- Appendix G –** Standard Details
- Appendix H –** Capital Improvement Program Cost Estimates  
Water Rate Charges and Fees (Resolution 590)
